

Which kind of maintenance product you can use depends on which nature stone plate is used. For instance:

1. To clean the table when it is **dirty, has stains or spots**, always clean it with the **Life Natuursteen Cleaner**. > Can be used for all tables, columns, and tabletops.
 - Austria Grey Polished
 - Black Anciento
 - Black Honed
 - Black Honed with hammered border
 - Ivory Anciento
 - Royal Black Polished
 - Silk Grey 3 hammered Squares
 - Silk Grey Honed
 - Ice Grey
 - Royal Brown Polished
 - Mystic Brown Anciento

2. To **prevent stains or spots (wine, ketchup etc.)** you can treat the table top with the **impregnator** or the **nature stone oil**.
 - a. **Life Natuursteen Intensifier** can be used on:
 - Black honed
 - Black honed with border
 - Silk grey honed
 - Black polished
 - Austria grey polished
 - Royal Brown Polished
 - Mystic Brown Anciento

Life Natuursteen Intensifier protects the stone against mould and stains and makes **the color more intense and darker**. **Repeat this process 2 times in the summer. 1x in the beginning and 1x halfway the summer.**

- b. **Life Natuursteen Impregnator** can be used on:
 - Black Honed
 - Black Honed with hammered border
 - Ivory Anciento
 - Silk Grey 3 hammered Squares
 - Silk Grey Honed
 - Ice Grey
 - Royal Brown Polished (4x)
 - Mystic Brown anciento

Life Natuursteen Impregnator protects the stone against mould and stains but **does not affect the colour**. **Repeat this process 2 times in the summer. 1x in the beginning and 1x halfway the summer.**

- b. **Nature stone oil** can be used on:
 - Black Anciento

It protects the stone against mould and stains but **gives the same nice dark color as if it is wet**. **Repeat this process 2 times in the summer. 1x in the beginning and 1x halfway the summer.**

Caution: General Remark:

On the following naturalstones we advise the use of the Life Intensifier with a minimum of 4x year.

- Ice Grey Polished
- Royal Brown Honed
- Mystic Brown Anciento
